

## INVITATION

The Center for Genetic Engineering and Biotechnology (CIGB) is pleased to announce the **4th International Symposium on Synthetic Peptide as Human and Veterinary Pharmaceutical Products** "Synthetic Peptides 2017" which will be held in Santa María key, Cuba, from June 22nd-25th, 2017.

The Meeting will cover topics regarding with Synthetic Peptide Chemistry and their Biological Application in human and veterinary fields. We will talk about modification of peptides, combinatorial peptide library, peptide structure and function and macromolecular peptide assemblies, peptide pharmacokinetic studies, peptide therapeutics and vaccines,

peptides in diagnostics and biomaterials, peptide formulation and delivery, peptide manufacturing and peptides in the clinic.

It is our intention to additionally provide an adequate environment to promote scientific collaboration and interaction between scientists attending this meeting.

Synthetic Peptides 2017 will be held **from June 22nd-25th, 2017 at Santa María key, Cuba.**

**Genetic Engineering and  
Biotechnology**

## SCIENTIFIC PROGRAM

Symposium Sessions topics

- Synthetic Chemistry of Peptides
- Modification of peptides
- Combinatorial Chemistry
- Peptide Structure and Function
- Macromolecular Peptide Assemblies
- Peptide Pharmacokinetic Studies
- Bioactive Peptides
- Peptide Therapeutics and Vaccines
- Peptides in Diagnostics
- Peptide Biomaterials
- Peptide Formulation and Delivery
- Peptide Manufacturing
- Peptides in the Clinic

## ORGANIZING COMMITTEE

**President:** Ph D. Hilda Elisa Garay Pérez, Head of Synthetic Peptides Group, Center for Genetic Engineering and Biotechnology (CIGB)

[hilda.garay@cigb.edu.cu](mailto:hilda.garay@cigb.edu.cu)

**Executive Secretary:**

Lic. Gleysin Cabrera, Center for Genetic Engineering and Biotechnology (CIGB)

[gleysin.cabrera@cigb.edu.cu](mailto:gleysin.cabrera@cigb.edu.cu)

## ADDITIONAL INFORMATION

Early Registration Fee (deadline April 24th, 2017) will be 250 CUC and 150 CUC for students. The Regular Registration fee will be 300 CUC and 250 CUC for students.

For more information and updates, visit the official Symposium website <http://biomed.cigb.edu.cu/peptide17/peptide17default.aspx>

**Eurostars Cayo Santa Maria** integrates perfectly with the lush flora and fauna of Cayo Santa Maria, one of the keys belonging to the archipelago Jardines del Rey, on the north coast of the province of Villa Clara.

The hotel is situated on a 1.5Km long beach of turquoise waters and white sands in a region declared Biosphere Reserve.

# IV SYNTHETIC PEPTIDES 2017
